Description of parking problem:

Description of desired restrictions:

- Adding RPP Zones
 1. There must be a clear and reoccurring major impact
 2. The proposed hours of restriction must fit the impact
 3. 65% of units (one vote per unit) on the block must be in favor
 4. Impacts to surrounding blocks must be considered
 5. Zones must correspond with the existing neighborhood zone number
 6. All other existing requirements of Ordinance 9-64-090 are required
- Application Process
 1. A petition must be completed with 65% in favor, counting one vote per housing unit. The petition must describe the desired restriction.
 2. The petition (and a written description of the parking impacts facing the block) must be submitted to the ward services office.
 3. Aldermanic staff will review the situation and contact the residents if any other information is needed (i.e. petition of support from neighboring block, notice posted to the area)
 4. With Alderman's approval an ordinance would be introduced to City Council
 5. The Department of Revenue conducts a survey to verify if it is in fact appropriate to have permit parking on the block.

6. If approved, it would be recommended to be passed by the City Council.
7. Once the ordinance is passed, an order is sent to CDOT to put up the signs.
